THE Town of Delaware is altested in Kan THE Town of Delaware is altoated in Kan-sau territory, on the south side of the Mis-souri river, three miles above the line of the Delaware reserve, and ten miles below Leaven-worth city. This town was laid off and located in February last one a tract of land densely tim-hered, cany of access from the surrounding country and cituated favorably for health: al-ready there are a number of houses going up. It has the following resources ar a good and prominent point:

Health. This location is high and commanding, hav-

ing no stagnant water near to generate disease-from its streets, there is presented to the eye a spendid view of the Missouri river for miles above and below the town, the country in the vicinity presenting a view at once pleasing and romantic.

Every inducement will be given to mechanics to make Delaware the place of their choice. We ask each person to examine the place. The merchant will find on an examination, that Delaware is obliged to command a trade not second to any town in the Territory; from such persons we ask an examination.
